

DEBORAH SHAPIRO, QEP

Deborah Shapiro is a Technical Director at AKRF, Inc., a leading environmental, planning and engineering consulting firm. At AKRF, Ms. Shapiro supervises project teams and manages all aspects of environmental site assessment and remediation projects, in New York City and across the New York Metropolitan Area, from the initial Phase I ESA through post-remedial site management. Ms. Shapiro's experience also includes environmental compliance; chemical storage management; groundwater investigations, monitoring, and sampling programs; Brownfield and hazardous waste site investigations; In-Situ Chemical Oxidation and Air Sparge/Soil Vapor Extraction systems; Sub-slab Depressurization Systems; underground storage tank studies; waste characterization sampling; exposure assessments; and permitting.

Ms. Shapiro holds a B.A. in Environmental Studies and an M.S. in Environmental Science from American University. She has also been certified as a Qualified Environmental Professional by the Institute of Professional Environmental Practitioners. Ms. Shapiro is currently President of the Board of Directors of the New York City Brownfield Partnership and serves on the Board of Directors of Residents for a More Beautiful Port Washington.
